**Laurence Sterne : A Sentimental Journey Through France and Italy** before purchasing it in order to gage whether or not it would be worth my time, and all praised A Sentimental Journey Through France and Italy:

Mr. Yorick, the sentimental traveller, refrains from the customary reflections on monuments and landscapes. Instead, he focuses on his sweet and affectionate emotions, experiencing them everywhere he goes and with every creature who crosses his path mdash; from bursts of sympathy for a caged bird and an abused donkey, to bonhomie among peasants at dinner and flirtation with women of every social degree. Closer in spirit to a novel than a travelogue, Mr. Yorick's account of his wanderings satirizes conventional travel books, and his comic mishaps along the path to tender emotions are as much a critique of pure sentiment as they are an exploration of human sympathy.
